Sketch (Scale - 1/20,000)

Showing position of minebelts in Field and position of Minefield relative to the Landmark, if possible an "identifiable natural object."

NOTE:- Minebelts containing A-Pers Mines and A. Tk Mines with anti-lifting devices will be marked in RED. Show any special features of such mines either in a separate sketch, or preferably, as an inset to this sketch.

REMEMBER.

On the accuracy of these particulars will depend the safety and lives of our own men who may have to lift this minefield, or make a gap or clear a lane through it.
